# MEDICARE CAN BE COMPLICATED

LET'S MAKE IT SIMPLER

Medicare is a government health plan that covers  
**69 MILLION PEOPLE IN 2025**

To get Medicare, you must meet one or more of these:

- Aged 65 or older
- Under age 65 with disabilities
- Have end-stage renal disease

## MEDICARE IS DIVIDED INTO PARTS A THROUGH D

### **Part A: Hospital insurance**

Covers care people get in hospitals, skilled nursing facilities, hospice care, and home healthcare

### **Part B: Medical insurance**

Covers services from doctors and other healthcare providers, drugs given in the office, outpatient care, home healthcare, durable medical equipment, and many preventive services

### **Part C: Medicare Advantage**

Run by private insurance companies and replaces Parts A, B, and often D

### **Part D: Prescription Drug Plans (PDPs)**

Run by private insurance companies and covers prescription drugs you take at home (not at your doctor's office). **This is the part of Medicare that pays for QINLOCK® (ripretinib) and other prescription drugs you may be taking**

**TO HELP COVER THE COSTS OF MEDICARE PART A AND PART B, YOU CAN ALSO BUY MEDIGAP OR SUPPLEMENTAL INSURANCE FROM PRIVATE INSURANCE COMPANIES. THIS INSURANCE MAY HELP WITH YOUR OUT-OF-POCKET EXPENSES**

# HOW MEDICARE PART D SHARES COSTS WITH YOU

THERE ARE DIFFERENT PHASES TO MEDICARE PART D COVERAGE

**STARTING IN 2025, YOUR ANNUAL PART D DRUG COSTS WILL NOT EXCEED \$2,000**

## Phase 1: Annual Deductible

Every year, you are responsible for your **Annual Deductible**. You pay 100% of this amount before Medicare starts covering any of your costs. In 2025, the Part D deductible is **\$590**.

## Phase 2: Initial Coverage

After your Annual Deductible, you pay 25% of your drug costs until you have spent **\$2,000** on drugs. At this point, you have reached your **Out-of-Pocket (OOP) Threshold**.

## Phase 3: Catastrophic Coverage **NEW IN 2025**

Once you reach this limit, you move into the **Catastrophic Coverage** phase. During this phase, your drug costs are shared by your plan, Medicare, and sometimes manufacturers. **You pay \$0** and remain in this phase for the remainder of the year.

### PHASE 1 ANNUAL DEDUCTIBLE

### PHASE 2 INITIAL COVERAGE

### PHASE 3 CATASTROPHIC COVERAGE

TOTAL PATIENT OOP:  
**\$2,000 limit**

# MEDICARE'S PRESCRIPTION PAYMENT PLAN ALLOWS PATIENTS TO PAY PRESCRIPTION COSTS IN INSTALLMENTS OVER TIME

In 2025, Part D plans will offer the option to pay out-of-pocket drug costs in monthly payments, instead of all at once at the pharmacy.

You pay \$0 at the pharmacy for covered Part D drugs.

Your plan pays the pharmacy.

Your plan bills you monthly for any cost sharing you owe.

- Program begins January 1, 2025.
- Program is voluntary. To opt in, contact your plan by phone or online.
- You can opt in before the plan year begins or in any month during a plan year.
